

Traffic Will Start Rolling July 1 Across New Bay Hiway Span

TOLL RATES SET; CEREMONIES TO BE HELD JUNE 30

Traffic will start rolling July 1 across the new \$6 1/2 million highway bridge spanning the Bay of St. Louis. John H. Smith, Southern District Highway Commissioner, said Tuesday.

Official opening ceremonies will be held jointly by the Chambers of Commerce of Hancock and Harrison counties, the two counties linked by the span.

Smith said the approaches to the bridge would be completed by opening day. "They'll have to be," he said.

Commissioner Smith told a Hancock County Eagle reporter in a long-distance telephone conversation Tuesday that toll rates have been established for the Highway 90 span as follows:

Passenger car, pickup truck \$.25
Two-axle truck, school bus50
Three-axle truck75
Combination truck and car 1.00
Commercial bus 1.00

The number of occupants in a vehicle does not affect the toll.

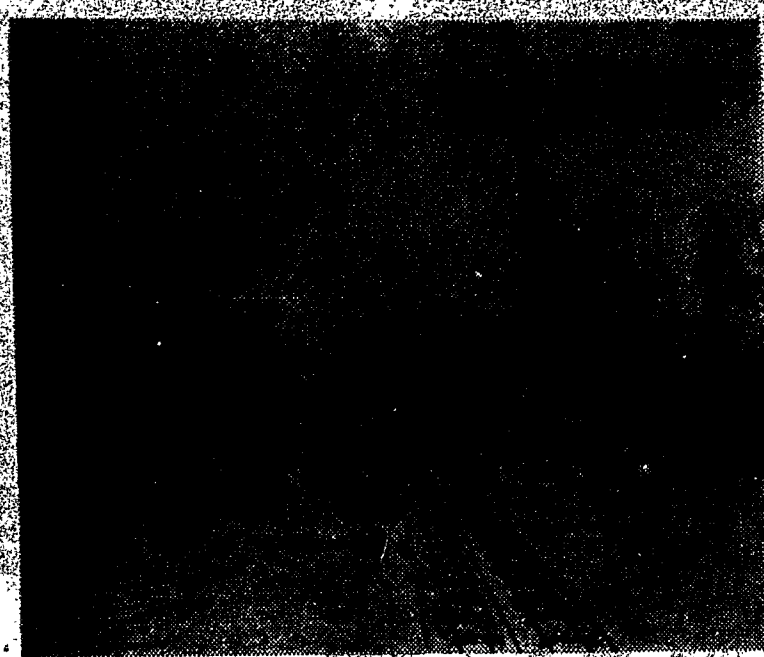

He said coupon books for toll fees will not be available at this time. The debenture bonds issued for construction provided that an "accumulated reserve" be built up for a period of one year before coupons can be issued, Smith explained.

However, Smith said coupon books would be issued as soon as permitted which would "materially reduce" rates for daily travelers across the span.

Governor Hugh White, Lieutenant Governor Gartin and Governor Robert L. Eason of Louisiana will be among dignitaries present for the June 30 ceremonies, Commissioner Smith said.

Officials of the highway department expected to be present, he added, would include: Alex Harris, Chief Engineer; T. C. Robbins, Director; S. A. Tomlinson, Construction Engineer; George L. Lenoir, District Engineer from Hattiesburg; Bruce McKay, Assistant District Construction Engineer, Hattiesburg; Roy Adams, Commissioner, Northern District Field, Dorman; Commissioner, Central District; and Commissioner Smith.

The bridge is being constructed by Martin-Chapman Scott Company.

Benefits net \$685 for K. D. Hospital

A total of more than \$685 was realized from two benefits for the King's Daughters Hospital last week. A cake sale held at Schaefer's drug store Saturday morning netted \$185, and a benefit dance at the Top Ten Restaurant in Waveland Saturday evening added over \$500 to this sum.

The money will be used toward reducing the hospital's debt.

A complete life-lifting, including new paint, new linoleum and drapes, will get underway Tuesday when the board will discuss the public reception at the hospital.

Mrs. Nellie Smith, president of the board, said the hospital is now in a better financial position than it has been for some time.

Legion Officers Rap Vandalism To Public Pier

Within the last few weeks "persons unknown" have committed depredations to the American Legion Public Pier at Beach and Washington Street.

A number of boards and rails have been removed from the pier, making it unsafe. The Legion has been required to make costly repairs.

Continuance of damages to the pier will force the Legion to restrict its use to members only, Lucien W. Kidd, Post Commander, said. "We sincerely hope this action will not be necessary," he added.

"Help us keep the pier open for you," the Commander requested. "Call the police if you see anyone causing damage to the Legion premises."

R. A. Yates, Chairman of the board of the Southern Company, announced today that the offering of 1,004,869 shares of common stock of that company to its stockholders at \$14 per share was oversubscribed by 40 per cent.

The subscription offer was mailed to stockholders on April 17, and the subscription period expired May 7.

Yates said the sale of the stock was "a record for the company," and that the subscription was "a record for the company."

Lions Club Urges Completion Of Co. Airstrip

At their meeting last Monday, soon at Hotel Reed, the Bay St. Louis Lions Club unanimously adopted a resolution urging the Hancock County Board of Supervisors to complete the Bay St. Louis-Hancock County Airstrip by filling, leveling and draining the strip. The text of the resolution is as follows:

"WHEREAS, the Hancock County Board of Supervisors have provided this community with a landing strip for small planes; and

"WHEREAS, this airstrip has brought strangers and travelers into our midst who would not ordinarily have stopped here; and

"WHEREAS, we believe that it would be to the best interest of this community and to Hancock County as a whole if the strip were completely finished by filling, leveling and draining said strip; and

"WHEREAS, we are also cognizant of the fact that the airstrip in its present unfinished state is a danger to those flying small planes who might attempt to land their craft because of the low spots on the field; and

"WHEREAS, we believe that the money spent on such completion would redound to the benefit of the community and to the county as a whole because of the favorable publicity we would then enjoy by having the strip marked on the maps of the Civil Aeronautics Authority because said maps are distributed to owners of small planes throughout the United States;

"BE IT, THEREFORE, KNOWN that we, the Lions Club, Bay St. Louis do hereby respectfully urge and request the Hancock County Board of Supervisors to do all within their power to complete the Bay St. Louis-Hancock County Airstrip by filling, leveling and draining said strip."

"BE IT ALSO KNOWN That since this year of 1953 has been especially set aside for the observance of the celebration of the 50th Anniversary of Powered Flight that our community and Hancock County would feel justly proud to take part in this nation-wide celebration by dedicating the strip upon its completion during this year of 1953."

Hospital Plans Reception Tues.

Members of the King's Daughters Hospital board have cordially invited the public to a reception at the hospital Tuesday, May 19, in observance of Florence Nightingale Day.

It has been the yearly custom of the hospital to have a shower; however, changes in procedure have eliminated the need for gifts. Linen is now supplied by the Linen Supply House, and silver and china were purchased last year. The board has expressed the hope that people who usually bring gifts of this nature will give cash donations instead, as the many improvements being made in the hospital will require a considerable amount of money.

It is planned in the very near future to convert one of the rooms into a complete technical lab, where laboratory tests can be run, and a registered technician available for service at all times. Cash is urgently needed to meet this expenditure.

Hours of the reception are from 3 to 5 p. m.

Mrs. Louis Holmes and small daughter, Allison, returned with her grandfather, Mrs. S. M. Mayer, to Bay St. Louis Tuesday. Mrs. Holmes will remain in the Bay until Friday before returning to New Orleans, where she now resides.

Miss Nell Polyston spent the week with her family in Natchitoches, La.

Shows Dogs Becoming Popular On This Section Of The Gulf Coast

In past times when the expression was "Going to the Dogs," it expressed the weakness of things. Today Bay St. Louis and many other sections of the Coast are literally "going to the dogs" but this time the canine are bringing honor and recognition to their respective owners.

The breeding and showing of good dogs is coming into prominence locally. Russell Chapman, owner of a 2-month-old prize-winning Doberman Pinscher, won both a New Ribbon and reserve prize in his class at the recent show in Mobile. Two weeks ago in the New Orleans show he took first place in the puppy class and reserve in the open class.

Mrs. Sue Hancock's prize English Pointer, "Nationally set are placed in the exhibition in the company which the exhibitors have shown."

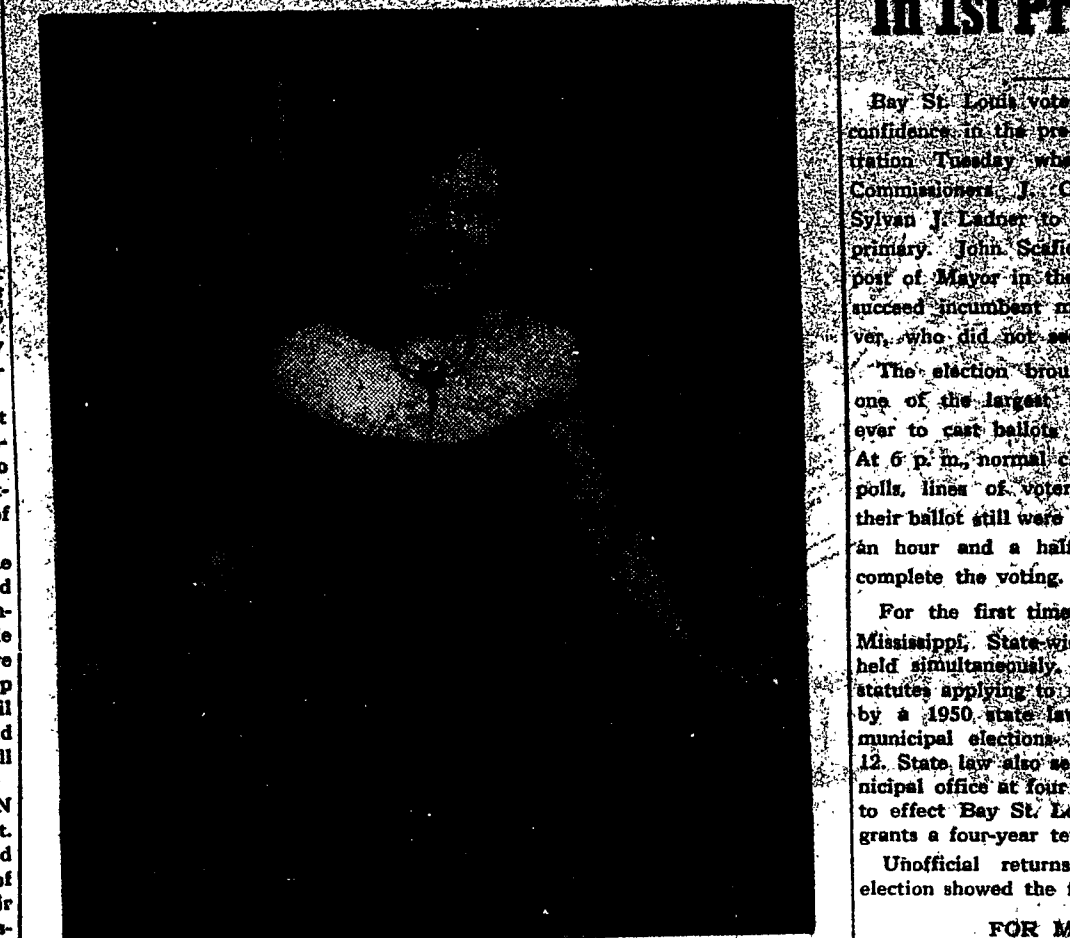

Mrs. Odette Wittelsberger, one of the most enthusiastic dog raisers on the Coast, won first and second places with her champion Boxer in the puppy class, six to nine months old.

Mrs. Margaret Robinson, Pass Christian, was one of the finest Cocker Spaniels in this part of the country. A son of the national champion Spoddrift Silver Sequel, this very fine animal at just one year has placed up Master Points in competition all over the country. Buff silver in color, it won best of breed in the Airedale class (any solid color except black) in the recent New Orleans show, and third place in the sporting class.

Obedience training for dogs is gaining much interest among fanciers, and it, of course, is shown among the dog owners of the Coast are a class in obedience training may be organized. Those interested in furthering this idea are asked to call Mrs. Wittelsberger, phone 175.

Miss Dolores Carver Represents Rotary In Local "Miss Hospitality" Contest

—Photo by Jim Ekliff.

The Bay Rotary Club has announced their candidate for the "Miss Hospitality" honors for Hancock County. Chosen to represent the Rotarians is Miss Dolores Violet Carver, 20-year-old blond daughter of Mr. and Mrs. Jerome Carver of 335 Main Street.

Dolores is 5 ft. 2 in. and weighs 113 pounds. She is a graduate of Bay High School, where she was Salutatorian of the Class of 1949. Miss Carver also was chosen Homecoming Queen in '49.

The candidate is employed at Coast Electric Power Association as a secretary, after being associated with the Circuit Clerk's office for a year and a half. Dolores has a brother, Harold, 25, and one sister, Betty, 23 both at home.

Her favorite off-duty pleasure is her activities as a Gray Lady at the Gulfport Veterans Administration Hospital. Other activities include the piano and oil painting, and during her school days she served as a Majorette for three years.

The Rotary's Candidates has no immediate plans for matrimony. Steady attendance at Our Lady of the Gulf Church is a main part of her life.

The entry of Miss Carver into the local race brings the total number of contestants to four as the Lionsponsored contest draws near. Closing date for the Hancock County contest is June 6, and the actual contest will be held on the 13th.

Other candidates are Miss Irma Joan Lee, Lions Club; Geraldine Martin, American Legion; and Elizabeth Jane Vassalli, Chamber of Commerce. Other organizations expected to enter candidates are the Bay-Waveland Garden Club and the Bay Waveland Yacht Club.

All Win Easily In 1st Primary

Bay St. Louis voters expressed confidence in the present city administration Tuesday when they retained Commissioner J. Cyril Glover and Sylvan J. Ladner in office in the city primary. John Scafide also gained the post of Mayor in the first primary, the successful incumbent mayor, Warren Carver, who did not seek reelection.

The election brought to the voters one of the largest number of voters ever to cast ballots in a city election. At 6 p. m., normal closing time for the polls, lines of voters waiting to cast their ballot still were so long that nearly an hour and a half was required to complete the voting.

For the first time in the history of Mississippi, State-wide primaries were held simultaneously. A redefining of statutes applying to municipalities fixed by a 1950 state law resulted in 259 municipal elections taking place May 12. State law also set the tenure of municipal office at four years, which failed to effect Bay St. Louis, which already grants a four-year term to city officials.

Unofficial returns from the local election showed the following vote cast:

FOR MAYOR

So. No.	Total
John Scafide	342, 391, 735
Joseph Benvenuti	253, 245, 480
Horace Kergosien	69, 173, 240

It would now appear from developments in North Africa that while the Russians are talking peace in Moscow and seeing their pressure in the cold war in Europe, they are making threatening gestures and now threaten to other parts of Asia. In fact, if reports from Indo-China are true, the war in that area has been going against the Communists and the French forces there have been getting the upper hand. And the same has been true in Burma and in Malaya.

Therefore, the Communists proceeded to make a new move, this time the invasion of the mountainous and comparatively poor country of Laos. Again the West was thrown off balance and required to make feverish efforts to come to the aid of the French with additional war supplies and equipment to prevent that country, which affords a gateway to India, from falling under Communist control.

There is also additional evidence that the Communist leaders are stirring up trouble in Africa. In fact, Egypt is seething with discontent and the Communists are masterminding the movement there to drive the British out of that North African country. If they are successful there the Suez Canal would fall into their hands. The Suez Canal is the key or the gateway to the Middle East.

All of this adds up to the inescapable fact that the Communists have no intention of cooperating in the desire for world peace.

That is the one thing they do not want and will exert themselves to the utmost to prevent. On the contrary, all of these gestures and movements are a part and parcel of their ultimate goal of world domination.

"Peace in our time" is certainly not in sight.

Mrs. Wallace Bontemps underwent surgery last week at Hotel Dieu in New Orleans. Reports are that she is "doing nicely."

Mrs. George Anderson is a patient at Baptist Hospital in New Orleans. She underwent surgery the early part of this week. Her condition is reported as favorable.

Mr. and Mrs. L. A. Rogers and children of Hattiesburg spent the past weekend here with Mrs. Rogers' sister and family, Mr. and Mrs. Q. A. Breath and family.

Mr. and Mrs. Ray Stevenson of Cleveland, Ohio, are visiting the former's brother-in-law and sister, Mr. and Mrs. E. P. Kirkpatrick.
